

# AL SERIES INCLINE CONVEYORS

MODEL **CC-18-11**

Our AL Series of incline, cleated, belt conveyors are designed to convey any product or material. The standard units are equipped with 1/2 HP motor and drive making them ideal for feeding granulators, crushers, shredders or all types of containers. These conveyors also have adjustable legs as a standard feature which gives them multiple use capabilities. These machines can be adjusted in 1" increments from 25 degrees to 45 degrees.

Prodeva, Inc., understands that our standard equipment may not always meet your exact needs. That is why we gladly offer other lengths and widths to fit your exact requirements at minimal cost.

# CC-18-11
